DETAILED ACTION

And

NOTICE OF ALLOWANCE

1. Claims 1-18 are allowed.
2. Claims 19-22 are cancelled.

Examiner's Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

2.1 The following limitations in combination with other limitations is neither anticipated nor made obvious by the prior art, "*wherein the buckets have no assigned order relative to each other*" in combination with "*the scheduled times are represented as real numbers*." The instant amendments to the claim language in combination with Applicant's arguments in the 1-24-2005 responses have been persuasive and the Examiner withdraws the 35 U.S.C. 103(a) rejections of the claims. Specifically the Examiner notes on page(s) 9 and 10 of the 1-24-2005 responses Applicant argued the "*non-order preserving*" nature of the current claim limitations as well as disclosing the enabling support in Applicant's specification on page 5 lines 1-5. Further, the Applicant argued that the *Ulrich* reference cited by the Examiner fails to disclose or make obvious the limitation of representing time by using a "**real number**" (*see page 10 of the 1-24-2005 response*.) Independent **Claims 1, 5, 14 and 16** are therefore allowed.

2.2 Dependent **Claims 2-4, 6-13, 15, 17 and 18** are allowed as they depend from allowed base claims.

2.3 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Claims 1-18 are allowed. Claims 19-22 are cancelled.

3.1 The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Modeling and Design Description of Hierarchical Hardware/Software Systems by C.W. Rose and M. Albarran discloses on page 426 both ordered and non-ordering operations.

U.S. Patent 6,208,954 discloses methods of scheduling event sequences, Figures 1-10.

3.2 Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dwin M Craig whose telephone number is (571) 272-3710. The examiner can normally be reached on 10:00 - 6:00 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kevin Teska can be reached on (571)272-3716. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
